Welcome!

A warm welcome to the 23rd Festival of Fireworks. We are sure that you will enjoy the UK's greatest firework spectacular in the attractive grounds of Catton Hall. Experience four breathtaking pyromusical displays. Take in the sights and sounds of our vintage steam rally (weather permitting) and treat yourself to a great selection of artisan foods. From wood-fired pizza to tasty treats, to barista coffees and licensed bar - all from our specialist on-site caterers.

Please take the time to read through this leaflet. There is an information point situated at the entrance to the Hall Field. Please ask our representative at the desk should you have any questions or need advice. Please take special note of parking and exit instructions. The fireworks are situated in one location - hence you will not need to move once you have located a good viewing position. Toilets and catering outlets are located in the 'entrance' field. We hope that you will enjoy the evening's entertainment and look forward to seeing you again in future years.

For Your Safety

Please note that for safety reasons, the following are not permitted on the Hall field: pets, barbecues, flares, open fires of any kind, your own fireworks (including sparklers).

The event will take place in the Hall field and spectators do not have access to the main House or gardens. Please follow the advice of Stewards at all times. Various safety announcements will be made during the evening. Great care has been taken to ensure your comfort and safety at this event. Do not attempt to cross the fireworks safety fence at any time. Please dispose of your litter in the bins situated at various points. Plastic bags are provided.

Dedications

Do you have a special person or occasion that you wish to remember or celebrate? Why not do this at the Festival by launching a dedicated firework?
